

PROJECT DESIGN PHASE-I
PROPOSED – SOLUTION FIT

Team ID	PNT2022TMID17010
Project Name	“EXPLORATORY ANALYSIS OF RAIN FALL DATA IN INDIA FOR AGRICULTURE”

Proposed – Solution Fit:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer’s problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why.

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ Understand the existing situation in order to improve it for your target group.

“EXPLORATORY ANALYSIS OF RAIN FALL DATA IN INDIA FOR AGRICULTURE”
